

WHAT WE DO

As one of the leading nonprofit children's organizations in the country, Children's Home Society of Washington believes we all benefit when we support children. We are a national innovation leader at the forefront of change for our country's children and continue our legacy to create systems change at the state and national levels. Our goal is to create brighter futures for today's children that will lead to prosperity for all of us.

MISSION

To develop healthy children, create strong families, build engaged communities, and speak and advocate for children.

VISION

A world where ALL children thrive.

HISTORY

CHSW is the oldest and largest statewide nonprofit children's organization. In 1896, we were founded by the Rev. Harrison D. Brown and his wife, Libbie Beach Brown, who believed children should be living in homes and not institutions.

OUTCOMES

Providing a safe and secure place for children, creating nurturing and stable families, contributing to educational success and social, emotional & physical well-being.

IMPACT STATEMENT

Just as a sturdy house needs certain materials, our children need many supports and opportunities to be successful in school and life. Children's Home Society of Washington helps create a solid foundation for today's children that will lead to prosperity for all of us in the future.

Programs & Services

CHILD & FAMILY COUNSELING

Every family faces challenges. We will help you build a stronger family through communication, stress management, parenting and problem-solving skills.

FAMILY SUPPORT

We give you the tools to raise healthy, happy children. We help your family build on their strengths, find support networks, and promote overall well-being.

ADOPTION & SECURE FAMILIES

Every child deserves a safe, secure home. We help children find nurturing, stable families where they can thrive.

EARLY LEARNING

The first years are important to your child's life. We will work with you to create a solid foundation that helps prepare your child for a future filled with success.
